SUMMARY

Motivated Computer Science student with hands-on experience in Full-Stack Web Development and AI applications. Skilled in building responsive web applications using modern front-end and back-end technologies, alongside practical knowledge of Computer Vision and Machine Learning concepts. Committed to delivering clean, functional solutions and growing within a professional tech team environment.

EDUCATION

Bachelor of Computer Science

3rd Year In Progress

Zagazig National University

PROJECTS

Personal Portfolio Website

[github.com/abanob24/portfolio-](#)

Technologies: HTML5, CSS3, JavaScript (ES6+)

- Designed and developed a fully responsive personal portfolio to showcase technical skills and projects.
- Implemented clean user interface with custom CSS styling and interactive JavaScript elements.
- Structured with semantic HTML5 for accessibility and clean code standards.

TRAINING & EXPERIENCE

Full-Stack Web Development Course

Bravo Company

- Covered end-to-end web development including front-end (HTML5, CSS3, JavaScript, React.js) and back-end (PHP, Laravel, SQL).
- Developed complete web applications integrating client-side and server-side components seamlessly.

Backend Development Training

2 Months | Bravo Company

- Completed intensive hands-on training focusing on back-end development fundamentals and enterprise best practices.
- Built, documented, and consumed RESTful APIs using PHP and the Laravel framework.
- Worked thoroughly with SQL databases including architecture design, advanced querying, and seamless integration.

Computer Vision Course

Information Technology Institute (ITI)

- Studied core concepts of computer vision, including advanced image processing and real-time object detection techniques.
- Applied practical skills and built mini-projects using Python-based specialized tools and libraries.

AI Workshops

Mansoura University

- Participated in interactive workshops covering machine learning concepts, neural networks, and real-world AI industry applications.
- Engaged in hands-on labs exploring modern AI tools and current development ecosystem practices.

TECHNICAL SKILLS

Full-Stack Web: HTML5, CSS3, JavaScript (ES6+), PHP, Laravel, React.js, Bootstrap

Databases: SQL, Database Design & Optimization

AI & Data Science: Computer Vision, Machine Learning Concepts, Image Processing, Python Data Libraries

Core Skills: Problem-Solving, Git/GitHub, Clean Code Architecture

CERTIFICATES

- Full-Stack Development Certificate** – Bravo Company | **Computer Vision (Python) Certificate** – ITI | **AI Applications** – Mansoura University

LANGUAGES

Arabic: Native | **English:** Professional Working Proficiency
